

The House Committee on Judiciary offers the following substitute to HR 1994:

#### A RESOLUTION

1 Creating the House Study Committee on Damages for Conversion of Timber and Property  
2 Law Modernization and Standardization for Surveying; and for other purposes.

3 WHEREAS, Georgia's property law as it concerns the establishment of boundaries and  
4 surveying and its rules, regulations, and conduct has been determined to be in need of  
5 modernization and standardization; and

6 WHEREAS, the use of processioning is outdated, and the law needs to be modernized to  
7 encompass current practices; and

8 WHEREAS, under state law, damages for the conversion of timber by a willful trespasser  
9 is limited to the market value of the timber unlawfully taken; and

10 WHEREAS, while there is ample anecdotal evidence that the conversion of timber is a  
11 problem in this state, there are no official estimates of the size of the problem; and

12 WHEREAS, a review is needed to consider reporting procedures for conversion of timber  
13 so information will be readily available; and

14 WHEREAS, it would be beneficial to bring together surveyors, real estate lawyers, title  
15 companies, and other interested parties in Georgia to determine how Georgia property law  
16 may be updated to best serve the citizens of Georgia and to consider the need to increase the  
17 penalty for timber theft.
